Dynamic Duo Helps Area Students Boost SAT Scores

February 24, 2003, Doylestown, PA -- What do you get when you cross a verbal virtuoso with a math marvel? Very respectable college entrance exam scores! Meet Jennifer Kloss and Sue Testani. Formerly employed by the world's leader in standardized-test prep, Kloss and Testani are the owners and trainers of **SMARTPREP**, a test-prep company serving Bucks County's college-bound students. Kloss trains students to conquer the verbal side of the SAT, while Testani helps students tackle the math.

What makes **SMARTPREP** a cut above the rest? Kloss and Testani take the SAT themselves! "We've been studying the test for seven years. What better way for **SMARTPREP** to stay abreast of the new traps designed by the test-makers than for us to take the test," responded Testani. "Our goal is to deconstruct the mystique of the test. We equip students with the techniques and strategies needed to avoid the pitfalls," commented Kloss.

Kloss and Testani have coached hundreds of area students, giving them the tools they need to navigate successfully through the murky depths of standardized tests.
